Any such correspondence should clearly identify the serial number and filing date of your application, and should be directed to Group Art Unit 2637.

Since this application was filed after June 7, 1995, the life of any patent issued on it will expire at a date that begins to run from the filing date, rather than the issue date, as in the past. However, the patent will not become effective until it is issued, and thus, if the application is not prosecuted promptly to issuance, the effective life of the patent will be shortened.

We regret that this matter has to be resolved in this manner. Please call if you have any questions.

Most sincerely,

Dear Mr. Kim:

We have not received replies to our requests for payment on your outstanding account balance. Since no reply was received, we have petitioned the Patent Office to withdraw as your attorneys. A copy of the "Petition for Withdrawal as Attorney" is enclosed.

Please take notice of the following facts. Your application was filed on May 21, 2001 and its current status is that an Office Action was issued August 27, 2004. Any such correspondence should clearly identify the serial number and filing date of your application, and should be directed to Group Art Unit 2637.

Since this application was filed after June 7, 1995, the life of any patent issued on it will expire at a date that begins to run from the filing date, rather than the issue date, as in the past. However, the patent will not become effective until it is issued, and thus, if the application is not prosecuted promptly to issuance, the effective life of the patent will be shortened.

We regret that this matter has to be resolved in this manner. Please call if you have any questions.

Most sincerely,

A handwritten signature in black ink, consisting of a large, stylized 'C' with a vertical line through it, and a horizontal line at the bottom.
